

HARRISON H LI

hararli@hmc.edu ♦ hli90722.github.io

EDUCATION

Doctor of Philosophy (Ph. D.) in Statistics

June 2025

Stanford University, Stanford, CA

Advisor: Dr. Art B. Owen

Dissertation: *Precise randomized experiments through design and estimation*

Bachelor of Arts (A. B.) in Statistics and Mathematics

May 2018

Harvard University, Cambridge, MA

summa cum laude with highest honors

ACADEMIC APPOINTMENTS

Assistant Professor of Mathematics

Jul. 2025 – Present

Harvey Mudd College, Claremont, CA

TEACHING

Note: *Italics* indicate courses for which I served as a teaching assistant

Harvey Mudd College

- MATH 62: Introduction to Probability and Statistics Spring 2026, Fall 2026
- MATH 157: Intermediate Probability Fall 2025, Spring 2026
- MATH 158: Statistical Linear Models Fall 2025

Stanford University

- STATS 32: Introduction to R for Undergraduates Spring 2022, Spring 2023, Spring 2024
- STATS 116: Theory of Probability Summer 2023
- *STATS 117: Introduction to Probability Theory* Spring 2025
- *STATS 206: Applied Multivariate Analysis* Autumn 2023
- *STATS 200: Introduction to Statistical Inference* Autumn 2022, Winter 2022
- *STATS 300A: Theory of Statistics I* Autumn 2021
- *STATS 60: Introduction to Statistical Methods: Precalculus* Spring 2021
- *STATS 216: Introduction to Statistical Learning* Winter 2021

Harvard University

- *STAT 111: Introduction to Statistical Inference* Spring 2018
- *STAT 110: Introduction to Probability* Fall 2016, Fall 2017
- *STAT 171: Introduction to Stochastic Processes* Spring 2017

Updated: 21-March-2026

MENTORING AND ADVISING

Harvey Mudd College

- Luke Morgan, Spring/Summer 2025
- Deniz Tanaci (enrolled at Pomona College), Spring/Summer 2025

PUBLICATIONS

INVITED SEMINARS

Precise analysis of blocked randomized experiments
Claremont Center for Mathematical Sciences (CCMS) Colloquium Series

February 2026
Claremont, CA

INVITED CONFERENCE PRESENTATIONS

Reimagining the statistics classroom for the AI Era: Opportunities and challenges August 2026
Joint Statistical Meetings Boston, MA

Double machine learning and design in batch adaptive experiments May 2026
Design and Analysis of Experiments Conference New Brunswick, NJ

OTHER CONFERENCE PRESENTATIONS

Transporting treatment effects by calibrating large-scale observational outcomes May 2026
American Causal Inference Conference Salt Lake City, UT

Scalable vision-guided crop yield estimation January 2026
AAAI Conference on Artificial Intelligence Singapore, Singapore

Efficient combination of observational and experimental datasets under general restrictions on outcome mean functions October 2024
Stanford Causal Science Center Conference Stanford, CA

Efficient combination of observational and experimental datasets under general restrictions on outcome mean functions May 2024
American Causal Inference Conference Seattle, WA

Optimal batch adaptive experiment design for double machine learning August 2023
Joint Statistical Meetings Toronto, Canada

Adaptive experiment design for efficient semiparametric estimation in the partially linear model May 2023
American Causal Inference Conference Austin, TX

Optimality in tie-breaker designs and applications to evaluating social programs November 2022
Stanford Industrial Affiliates Annual Conference Stanford, CA

A general characterization of optimal tie-breaker designs May 2022
Online Causal Inference Seminar Remote

A general characterization of optimal tie-breaker designs May 2022
California Econometrics Conference Stanford, CA

Multidecadal changes in the frequency and ambient conditions of warm season convective storms over the northeastern United States February 2014
Annual Meeting of the American Meteorological Society Atlanta, GA

CONFERENCE ORGANIZATION

Oral exams: Best practices and pitfalls (birds-of-a-feather discussion)
eCOTS: Electronic Conference on Teaching Statistics

June 2026
Remote

AWARDS AND HONORS

- 2024 Sequoia Hall Prize for Teaching Excellence
- 2023 Student and Early-Career Travel Award (Joint Statistical Meetings)
- 2023 Student Travel Award for Joint Statistical Meetings (San Francisco Bay Area Chapter of the American Statistical Association)
- 2023 Stanford Interdisciplinary Graduate Fellowship
- 2021 NSF Graduate Research Fellowships Program (Honorable Mention)
- 2016, 2017 Derek Box Q Awards Certificate of Distinction

PROFESSIONAL ACTIVITIES AND SERVICE

- Judge for USCLAP competition — Introductory level (2026)
- Stanford University Department of Statistics Qualifying Exam Reader – Applied Statistics (2024)

REFEREEING AND REVIEWING

Journal of Causal Inference, Management Science, American Causal Inference Conference (ACIC), Association for the Advancement of Artificial Intelligence (AAAI)

PROFESSIONAL MEMBERSHIP

- American Statistical Association (ASA), *Member* (since 2025)
- Society for Causal Inference (SCI), *Member* (since 2023)

NON-ACADEMIC EMPLOYMENT

Independent Contractor. The Policy Lab, Brown University
Remote

Jul. 2023 – Sep. 2025

Data Science Intern. Waymo, LLC.
Mountain View, CA

Jun. 2024 – Aug. 2024

Data Science Intern. Google, LLC (YouTube).
San Bruno, CA

Jun. 2022 – Sep. 2022

Quantitative Trader. Five Rings, LLC.
New York, NY

Aug. 2018 – Jul. 2020

Quantitative Trading Intern. Susquehanna International Group, LLC.
Bala Cynwyd, PA

Jun. 2017 – Aug. 2017

Trader Intern. IMC Financial Markets.
Chicago, IL

Jun. 2016 – Aug. 2016

CITIZENSHIP

United States of America
